DOCTOR LEVINSON

Where'd everybody go?

Sc1

RICKY

Sent them home. Wanted to do this solo.

DOCTOR LEVINSON

Well, the good news is the surgery went well.

RICKY

How long is it gonna take?

DOCTOR LEVINSON

To recover? You're lookin' at eight months.

RICKY

Figured. Three tears.

DOCTOR LEVINSON

I wish it was faster. I know time is of the essence for you.

RICKY

It looks like time's run out.

DOCTOR LEVINSON

Not necessarily. I did Darren Sproles' ACL and arm last year. He came back just fine and he was thirty-five.

RICKY

I appreciate the optimism, doc. But an ACL and arm ain't three tears. Besides, when you know you know.

DOCTOR LEVINSON

And you know?

RICKY

I don't know.
